

Original Stuffed Pizza

We made the first stuffed pizza in 1971. Today, we prepare this famous Chicago style pizza just as it was made over 35 years ago. This award winning **2 1/2" THICK** pizza is stuffed full with fresh ingredients and has become our trademark pizza!

	Small 9"	Medium 10"	Large 12"
Serves	2-3	3-4	4-5

Stuffed Lite Pizza

We've introduced a new version of our fabulously popular stuffed pizza called the "Stuffed Lite". This 1 1/2" thick pizza is still loaded with the same fresh ingredients we always serve, just less of them. Less filling but completely satisfying. A whole lot lighter stuffed pizza.

	Small 9"	Medium 10"	Large 12"
Serves	1-2	2-3	3-4

Original Thin Pizza

Our thin crust pizza has always been far more than just a thin pizza. We really pile on the ingredients for this classic version of our Chicago style favorite. There's a whole lot of cheese going on here, along with everything else you enjoy on your favorite pizza.

	Sm 10"	Med 12"	Lg 14"	X-Lg 16"	Family 18"

Super Thin Pizza

The same great Nancy's flavors and fresh ingredients now in a really thin, thin Chicago pizza. Less cheese creates a perfect balance of fresh ingredients and assures a wonderfully blended taste extravaganza!

There is Something Important You Need to Know About Us

“We take very seriously what we choose to put into your body.”

**It is absolutely our commitment to you that when it's time for pizza,
you can completely count on Nancy's for the highest quality and freshness.**

YOU ONLY WANT TO PUT THE BEST FOOD INTO YOUR BODY!

That's what we do! We BUY the Best ingredients, we MAKE the BEST food
imaginable and we PUT the BEST food into your body.

**In a pizza restaurant, it all starts with the DOUGH.
We make ours from scratch, each and every day.**

**Next is the PIZZA SAUCE. Our tomatoes are plum tomatoes, picked, hand sorted,
peeled and put into our cans within 6 hours of coming off the vine.**

That's the only way we can assure you total freshness.

(We also offer our NEW Alfredo Parmesan Sauce, that's made with cream, garlic and a hint of spinach for color.)

Our SPICES are imported from all over the world.

We spend more to get them here, but you can really tell the difference.

ITALIAN SAUSAGE

Our own unique homemade recipe, made with pure pork and absolutely NO fillers of any kind. Many pizzerias add soy to their sausage. NOT US, only imported spices and meat, that's it. This is the most popular ingredient in our Chicago pizza restaurants.

PEPPERONI •• FETA CHEESE

Singularly tangy and spicy, the pepperoni taste makes any pizza "Italian." If you're in the mood for Greek, another Mediterranean flavor, try our great feta cheese on any pizza. Add some onions, hot peppers or olives for some pizzazz.

MUSHROOMS •• SAUTEED ONIONS •• SAUTEED GREEN PEPPERS

Our mushrooms, onions and green peppers are bought FRESH, sliced and sautéed before being placed on your pizza. The sautéing brings out the flavors.

FRESH BACON •• CANADIAN BACON

We serve two kinds of bacon, the fresh smoked kind that brings back that early morning, being a kid feeling, and the Canadian kind that reminds you of ham.

FRESH CHOPPED GARLIC CLOVES •• OVEN ROASTED GARLIC

The fresh cloves are really fresh with a powerfully strong flavor (get a hint), while the oven roasted cloves are sweeter and smoother, yet still garlicky. Add one for a great background flavor.

BLACK "RIPE" OLIVES •• GREEN OLIVES •• KALAMATA OLIVES

There are countless varieties of olives to choose from. We choose the expensive, really great ones. Big, black, ripe, nutty flavored olives, sharp biting green olives and earthy Greek Kalamata olives add great taste depth to pizza.

CHICKEN BREAST •• ROAST BEEF •• GROUND BEEF

These three meats are of the highest quality. The chicken breast is moist and tender and slightly more expensive at twice the normal ingredient charge. We use sliced roast beef, and is best served in stuffed pizzas (this keeps it moist).

SHRIMP •• IMPORTED ANCHOVIES

Two distinct seafood tastes. Shrimp is mild, sweet and a bit more expensive at triple the normal ingredient charge, while anchovies are very salty and fish tasting. In Italy, pizzerias use anchovy for their unique saltiness (try anchovy, onion and black olives).

BROCCOLI •• ROMA PLUM TOMATOES •• ROASTED RED PEPPERS

Broccoli adds those ever needed vegetables to your pizza meal, while the fresh sliced roma tomatoes add the "fresh." Roasted red peppers add a great smokiness to any pizza.

HOT GIARDINIERA •• BANANA PEPPER RINGS

Our hot giardiniera adds loads of heat along with a slight vinegar zing that keeps you coming back for more. Add to anything you want to make "hot." Banana peppers have the vinegar zing, but not as much heat. Combine with any meat pizza.

FRESH BABY SPINACH •• FRESH BASIL

We recently changed all of our spinach pizzas to "fresh" spinach. It really adds a great texture and flavor to spinach pizzas. Fresh basil is probably the most wonderful Italian herb on the planet; sweet, aromatic and truly Italian.

PINEAPPLE

Who in their right mind would put pineapple on their pizza? Well, pineapple, when cooked, adds an interesting sweetness to a pizza. It's great with Canadian bacon or with various vegetable combinations.
